## Wedding Booking Request

Upon receipt of your booking request, I will be in touch with you within a few minutes to a few hours, depending on my schedule.

In order to schedule your ceremony into my calendar, a deposit of \$120.00 will be required via e-mail transfer or cash. Any remaining balance is due prior to your Rehearsal or upon final invoicing.

## Ceremonial Packages:

I have two basic Ceremony options; two (2) hours and four hours (4); however, I always work flexibly with each couple to ensure they are happy.

If you are not sure what you would need, consider these points:

- I always advise people to consider a rehearsal the more people you have attending your ceremony, and that will be involved in your ceremony, ie. Your wedding party. It is often surprising to couples to realize how many questions they and their party have for me in the few minutes leading up to their ceremony.
- Often couples are busy planning their Wedding Ceremony with invitations, selecting a photographer, hair stylist, makeup artist, and the like. But your ceremony itself: what is said, what you say, how it is carried out, has a large part in creating the essence and feel of your special day.

Here is the breakdown of what is included with my present packaging:

*My Base (elopement & mini ceremony) package is \$120 for 2 hours, this would include:*

## *Ceremony Script Options*

*Ceremony Script Preparation, Administration and filing*

*15 min advance arrival to your ceremony*

*30 min ceremony (normally 20-30 minutes)*

## *My Standard 4 hour package for \$240.00 includes:*

- *My Ceremony Planning Guide*

*(I provide couples with a ceremony planning guide that can assist with logistic aspects of your wedding day, including how we get started with your ceremony script, vow choices, various ceremony options you may want to include, and other important details to consider.)*

- *Ceremony Script Preparation:*

*(Preparing, personalizing, and editing your Ceremony Script, working with you on fine details of inclusion and feel so the words in your ceremony flow exactly the way you envision. As well, if needed, work with you on writing your own vows, and any additional aspects of your ceremony script, and any special ceremony options)*

### *Administration & Filing*

*30 min rehearsal*

*30 min arrival prior to your ceremony*

*30 min ceremony (normally 20 - 30 min ceremony)*
